

RESOLUTION No. 2020/21-03
City of Dayton, Oregon

A Resolution of the City of Dayton Approving the Application for and Execution of Loan Documents with the Oregon Department of Environmental Quality through the Clean Water State Revolving Fund

WHEREAS, the CITY desires to apply for Oregon Department of Environmental Quality (DEQ) funding in order to replace the mid-span of the wooden utility bridge with a prefabricated steel truss and upgrade the sewer mainline supported by the bridge across the Yamhill River. The project will ultimately help the City of Dayton improve their wastewater system in a way that avoids impacts to the floodplain and Yamhill River; and

WHEREAS, in order to qualify for DEQ financing, the City must provide evidence it has the authority to collect and pledge the revenue offered as repayment with user rate increases; and

WHEREAS, the Oregon Department of Environmental Quality (DEQ) is able to provide financing through the Clean Water State Revolving Fund (CWSRF) for the City to replace the mid-span of the utility bridge and upgraded sewer lines.

Therefore, the City of Dayton resolves as follows:

- 1) **THAT** the City Manager is authorized to apply for and execute loan documents with DEQ through the CWSRF program on behalf of the City for sewer system improvements, in an amount not to exceed \$4,266,325; and
- 2) **THAT** the City Council, prior to completion of the sewer line replacement, will establish a loan reserve account; and
- 3) **THAT** this resolution shall become effective immediately upon adoption.

ADOPTED this 8th day of September 2020.
