1. Greater Yamhill County Veterans of Foreign Wars (VFW) Post 4015 Presentation to the Council

Commander Mike Billings of 609 Ferry Street, Dayton, OR, stated that he was representing the Greater Yamhill County Veterans of Foreign Wars Post 4015.

The Greater Yamhill County VFW Dayton Post 4015 had been awarded, for the second year in a row, with the National Outstanding Community Service Award.

The VFW Post 4015 National Outstanding Community Service sign was presented to the City Council.

Mayor Marquez thanked Commander Billings and the members of the Greater Yamhill County VFW Post 4015 for all their hard work.

2. Approval of Resolution 23/24-01 Dayton Fireworks Committee

Rochelle Roaden, City Manager, explained that in June of 2022, the Dayton City Council discussed creating a Fireworks Committee and at that time, the City Council was in favor of a Fireworks Committee.

Meetings and discussions with Mike Billings and Cheryl Campos with the Greater Yamhill County Veterans of Foreign Wars Post 4015 had taken place, and they have agreed to manage the fundraising through their organization, with funds donated to the City on an annual basis. The City would manage the July 4th fireworks event.

Rochelle Roaden reviewed the details of Resolution 23/24-01 that would establish a Dayton Fireworks Committee.

Council President Maguire inquired about the cost, the insurance, the timing, and safety of the City of Dayton putting on the July 4th fireworks event.

Councilor Frank stated that many people from surrounding communities participate in Dayton community events and felt that a Fireworks Committee could navigate the specific questions regarding cost, insurance, and safety.

Rochelle Roaden stated that the City of Willamina puts on a July 4th fireworks event for \$15,000.

Councilor President Maguire stated that he is in support of a Fireworks Committee that is exploratory, rather than a Fireworks Committee that moves forward without exploring all precautions with regard to costs, pets, safety, and risks.

Councilor Mackin stated that she is concerned about pets, and people with PTSD, or for those who simply do not do well with loud noises. She suggested having two events, one outdoor event and one quieter event at the community center.

Rochelle Roaden explained that in discussions with Mike Billings and Cheryl Campos, there were ways to mitigate issues with animals and those with PTSD during fireworks.

Councilor Wildhaber stated that by establishing a Fireworks Committee, all questions and precautions regarding event safety, pet safety, and those with PTSD could be researched and considered, before finalizing any July 4th fireworks events.

LUKE WILDHABER MOVED TO APPROVE RESOLUTION 23/24-01 A RESOLUTION ESTABLISHING THE CITY OF DAYTON FIREWORKS COMMITTEE. SECONDED BY ANNETTE FRANK. Motion carried with Mackin, Frank, Maguire, Wildhaber, Hildebrandt, and Marquez voting aye. Sandoval-Perez absent.

3. Cost of Living Adjustment (COLA) Discussion/Approval

Rochelle Roaden stated that each year the City Council reviews the recommendations of the City Manager for a cost-of-living adjustment for the upcoming year.

The last seven years, the Council has used the Portland CPI-W-Size Class B/C wage earner index as a guide in determining the COLA offered to employees. The CPI-W index averaged over the first 5 months of 2023 is 5.32%. The attached Consumer Price Index from the US Bureau of Labor Statistics regarding the record increases to the CPI was referenced.

The FY 2023-2024 budget included a 5.0% COLA for all employees based on the CPI average in March.

Yamhill County cities that have approved a 5.0% and above COLA for FY 2023-2024 were discussed.

The City had a large project list and City staff wore many hats to provide a variety of services.

KITTY MACKIN MOVED TO APPROVE A 5.0% COST OF LIVING ADJUSTMENT FOR CITY STAFF EFFECTUVE JULY 1, 2023. SECONDED BY ANNETTE FRANK. Motion carried with Mackin, Frank, Maguire, Wildhaber, Hildebrandt, and Marquez voting aye. Sandoval-Perez absent.

F. WORK/SPECIAL SESSION

1. Dayton Redevelopment Survey Discussion

Rochelle Roaden stated that the Dayton Redevelopment Survey was developed in response to Council Strategic Goal B, Priority Level 1.

Dave Rucklos, Tourism & Economic Development Director, explained that in anticipation of downtown redevelopment, it was proposed that the City of Dayton create a questionnaire that gauged the community's feelings regarding how development moved forward. The survey focused on what type of growth would be acceptable, and how growth should look in the downtown commercial district.

The questionnaire would be available to city residents both electronically (Survey Monkey) and would be inserted with utility bills in September. A 30-day period for responses would be provided. Results of the survey would be tabulated and shared with pertinent parties and at public request.

Councilor Frank stated she liked the survey.

Council President Maguire stated that question number 4 of the questionnaire should include a few more options, such as "unincorporated Yamhill County, unincorporated Marion County, and unincorporated Washington County", which would capture more than specific general areas.

Councilor Hildebrandt offered a suggestion to change the language that offered a positive tone specifically regarding question number 13 of the questionnaire.

Councilor Wildhaber stated that he would be interested in researching the cost of mailing the questionnaire to all residents within the 97114 zip code, which included the unincorporated areas.

Discussion continued about the questionnaire and more suggestions were provided.

Dave Rucklos stated that revisions would be made to the questionnaire based on all the suggestions that had been provided and would be brought back to the Council at the next City Council meeting.

2. Urban Renewal District Discussion

Dave Rucklos provided a brief presentation with supporting documents regarding Urban Renewal Districts. Based on his experience with Urban Renewal Districts, he felt that the City of Dayton could benefit from establishing one.

Examples of other Yamhill County cities that currently have an Urban Renewal District were provided, as well as, examples of Urban Renewal Districts of other cities throughout the State of Oregon.

A general discussion took place regarding how Urban Renewal Districts work, and how it could potentially benefit the City of Dayton and future development.

Dave Rucklos suggested inviting an experienced Urban Renewal consultant to a future City Council meeting. They could explain Urban Renewal Districts in detail and answer questions. The Council agreed.

3. Mandatory Reporter Training

Angie Gonzalez, Juliette's House representative, presented a video regarding recognizing & reporting Child Abuse and Neglect.

Discussion and review regarding examples of recognizing & reporting child abuse took place after watching the video.

G. COUNCILOR COMMENTS AND CONCERNS

Councilor Mackin stated she would like to see if a UBI Committee resolution of inclusive. She would like a written plan for events put plan up for everyone who uses the park so there is consistency and wheelchair accessibility.

Councilor Frank inquired if yellow lines could be painted on Church Street.

Rochelle Roaden stated that she would look into the painting of yellow lines on Church Street.

Councilor Maguire gave a brief update of the first Coffee with the Council, stated that it was nice to see a few citizens attend and ask questions. He encouraged other council members to schedule future Coffee with the Council meetings.

H. INFORMATION REPORTS

City Manager's Report

Rochelle Roaden stated that the loan the city had for the Bridge was under the Clean Water State Revolving Fund Loan. They had sent a notification that in May of 2022, terms of this type of specific loan had been changed under the Bipartisan Infrastructure Law.

Rochelle Roaden had reached out to Beth Wytoski of Regional Solutions, she also reached out to Oregon Department of Environmental Quality (DEQ) to inquire if we could redo our loan contract to incorporate the new changes of these types of loans. A new loan contract could not be done. However, DEQ had contacted Rochell and notified her that a reduction of the loan interest rate could be given. The loan interest rate was reduced from 1.72% to 1%, which was a \$700,000 savings over the life of the loan.

A Bridge update was given. The contractors have been working on underground utilities, installing training pads, and access roads. The installation of the temporary bridge will begin within the next few weeks.

The Highway 221 Lift Station project was currently out to bid. The bids would be brought to Council on the August 7th City Council Meeting for awarding of the project.

Citywide smoke testing was taking place this week. This was a result of a DEQ violation and required smoke testing of the entire city.

The 7th ST. and 9th ST. overlay project had been completed. Since the completed documentation could be submitted to ODOT by July 31, 2023, we could apply for an additional grant this year to do the 8th ST. overlay.

An application for the open Planning Commission seat had been received. The applicant would be at the next City Council meeting.

A Volunteer Sign Up Sheet had been created because volunteers were needed for upcoming city events.

National Night Out will be held Tuesday, August 1, 2023, and the Council's help is needed at this event.

An update regarding City Recorder interviews was given.

John Lindow was promoted to Public Works Supervisor, Don Cutler was promoted to Public Works Maintenance Operator Lead, and there was one position open.

Rochelle Roaden stated she would be attending the Oregon City and County Manager Meeting (OCCMA) in Pendleton for three days.

The Dog Waste Bags with Total Maximum Daily Load (TMDL) wording was shared, a brief overview of the TMDL was given. The bags were going to be given out at one of the Friday Night dates for TMDL awareness, as part of DEQ requirements.

AN ESSENTIAL SERVICE

HOW YOU CAN HELP

Clothes and Bottles

Please write in your car for your turn.

The Dayton Community Food Pantry became a designated "essential service" during the Covid 19 Pandemic in the Spring of 2020. Many community volunteers stepped up to help serve double the normal number of families within our community. Thank you, volunteers!

YCAP delivery truck and volunteers preparing food boxes.

Box donations come from local wineries.

Donated clothing is placed into our clothing shed at the Food Pantry parking lot and then sorted by volunteers into 2 categories.

1) Exceptional clothing is cleaned and consigned at **New to You**. All monies go directly to the Food Pantry.

2) Clothing selected for the Clothes Closet is cleaned, ironed and hung in the Clothes Closet. It is free to anyone in need.

We collect bottles and cans which are placed into Oregon Bottle Drop bags by our community volunteers and then delivered to an Oregon Bottle Drop receiving facility. All monies are used to benefit our Food Pantry community. Blue bags and pickup service is available upon request, by calling Nadine at

Did you know that we are 100% reliant on donations to purchase food? When available, we are able to purchase food from YCAP's Food Bank for 15 cents per pound. A \$100 donation will purchase 667 pounds of food!

DAYTON COMMUNITY FOOD PANTRY and CLOTHES CLOSET "Neighbors helping Neighbors"

It is the mission of the Dayton Community Food Pantry to help alleviate hunger by distributing food regularly and on an emergency basis, in a friendly, responsive, sympathetic, helpful, nonjudgmental, and confidential manner.

OUR BEGINNING

It all began with a hope and a **vision** by Dayton native, and then YCAP Food Bank Director, Cherie Rose Schmidt (1954-2007). Her hope was for there to be a Food Pantry in every small town in Yamhill County.

Cherie visited Dayton in 2002 and secured a host location at Dayton First Baptist Church. A small classroom was used as a shopping area and another small room was added for extra food storage.

Today, thanks to Cherie's vision, there are food pantries located throughout Yamhill County!

WHERE WE ARE TODAY

Director Debra Nissen has been leading the Dayton Community Food Pantry since 2009. With help from her dedicated team, the Food Pantry, the Clothes Closet (Directed by Nadine Sampson), the "Wood for Heat" program, and special Christmas and Thanksgiving food boxes, help those in need.

THE FUTURE

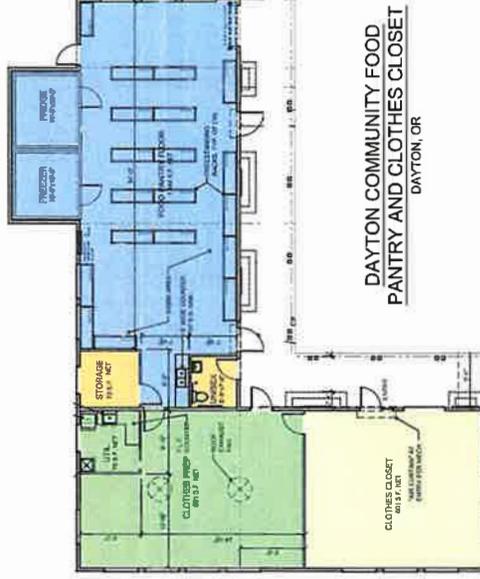

We are looking toward the future with the development of a new building and the restructuring of our organization to serve the Dayton Community for many years to come. We hope you will join us!

As a testament to the generosity of the Dayton community, it has been estimated that more than 500 tons of food has been given through the Food Pantry since 2002!

Time for a move

After many years of continued growth, the Dayton Community Food Pantry is now raising funds for a building to better serve the Dayton community. We are asking for your support as we pursue this project for the sake of those we serve today, and in the future.

With a total projected estimate of \$840,000, including all preconstruction costs, this 3,000 sq./ft building will be built to last for generations. It will have ample room to pack boxes for Food Pantry days, a walk-in freezer and refrigerator, an emergency power generator, a covered walkway for food pick-ups, a large overhead door for food deliveries, and more.

The Clothes Closet will gain much needed work space to sort and clean clothes, and a larger shopping area with exterior and interior doors for customers to shop on Food Pantry days, as well as other days of the week.

Site Location

The building location is ideal, as it is a flat building site close to population center, with parking, easy access to utilities and close proximity to a gymnasium and utility building for larger food distribution activities, such as Christmas and Thanksgiving food boxes. Dayton First Baptist Church is providing the land to the Dayton Community Food Bank and Clothes Closet, saving our project thousands of dollars in land and other costs associated with site development.

Issue: Park Rules During Dayton Friday Night Events Discussion
Date: August 7, 2023

Background Information:

The Dayton Community Development Association (DCDA) puts on the Dayton Friday Nights concert series at Courthouse Square Park during the summer months. The City of Dayton co-sponsors this event series and contributes \$4000 a season.

This summer, there has been some activity in the park that has been difficult to deal with for the event organizers involving teenagers on bikes, scooters, and skateboards.

Because the park rules are dictated by the Dayton Municipal Code, the DCDA would like to request that bikes, scooters, and skateboards not be allowed in the park during the event which runs from 5:30-8:30 pm.

Dawnette Bowlin and Judy Gerrard with the DCDA will be attending the August 7th Council meeting.

I have attached Chapter 2.10 of the Dayton Municipal Code for your reference.

Prior to moving to Oregon I worked for the State of South Dakota's Historic Preservation Office, administrative lead for Montana State Parks, as a legal assistant, executive assistant for an investment management firm, research librarian, and as a records management specialist and museum technician with the National Park Service. As a public historian, I have strong skills in writing and research, public outreach, relationship building, advocacy, and project management. I have been the Programs Director at Restore Oregon—Oregon's only statewide nonprofit for historic preservation advocacy and technical services—for 5 ½ years. In this position, I manage Oregon's Most Endangered Places program, the historic conservation easement program, lead local and regional advocacy efforts, chair and co-chair several committees, plan, write, and manage grants (including budgets) and assist the public with a wide-range of technical inquiries and preservation project management. I also serve as the chair of the Historic Assessment Review Committee, a governor-appointed position charged with reviewing appeals to Oregon's Special Assessment of Historic Properties program. Education: Master of Arts, History (Historic Preservation, Museum Studies) Bachelor of Science, History, Public History, Environmental Conservation

Why do you want to serve as a member of the Commission?

I believe in community service and I feel that my experience providing technical services to the public, relationship-building, advocacy, deciphering local and state codes and laws, and

project management places me in a prime position to serve my community and neighbors on the Planning Commission. I have a passion for helping people find solutions to complicated issues, for growing my expertise in land use and planning, and being part of making our small community a vibrant, livable, safe, inclusive, and sustainable place to live, raise families, recreate, and do business. I believe that some of the most important choices we make as citizens is at the local level of government—that requires being thoughtful, thorough, finding common ground and working through tough issues. I would be honored to be part of that for the community I live in.

What is your vision for the City of Dayton in 5 years?

Dayton is a rural town with a big personality, dynamic mix of historical significance, agricultural vitality, and small businesses situated between several urban centers. This presents a unique set of challenges and opportunities and I would like to see Dayton celebrate and strengthen each of these assets while addressing the need for affordable housing, services, facilities, robust businesses, downtown design guidelines, and infrastructure. I want to work with my neighbors on continuing to make this a better place to live, work, and have fun. I look forward to helping usher in sustainable growth and the completion of projects while maintaining our community identity and destination-worthy attractions.

What is your vision for the City of Dayton in 20 years?

My goal is to set up the next generation of Dayton residents for success by laying the groundwork to accommodate and guide sustainable population growth and land use well into the future. It is my hope that Dayton retains and expands its vibrant downtown and community feel while prioritizing affordable housing and opportunities for business, employment, and the continuation of our agricultural heritage. I also feel strongly about conscientiously balancing decisions to secure Dayton’s natural and cultural resources, scenic and open spaces, and outdoor recreational opportunities for all future Daytonians.

What steps do you feel need to be taken by local leaders, city staff, and community members to achieve these visions?

Like most things in life, the first step is being a good listener. Clear communication and transparent processes are necessary to accomplish any of our collective goals. I expect that city leaders and staff will continue to be creative and effective with engaging the public and maximizing their resources and tax dollars. Government processes require responsiveness, thoroughness, and fidelity to the spirit of our local laws and planning guidance while adapting to new and changing opportunities in response to our community members’ needs.

By typing my name below, I certify that I am at least 18 years of age and have read the additional requirements to which my application may be subject as set forth in Section 1.09.01(B) of the Dayton Municipal Code.
