E. ACTION ITEMS

1. OLCC Liquor License Renewal Discussion

Rochelle Roaden, City Manager, reviewed the OLCC liquor license renewal process and the Yamhill County Sheriff's Office criminal stats with the Council. Deputy Richard Broyles was in attendance to review and help the Council interpret the Sheriff's stats. Deputy Broyles advised that the stats are compiled based on information provided by the arresting Deputy and depending on how the stop is written up, the location variable can take many forms. For example, corner of 4th & Ferry could be the same as 401 Ferry Street.

Rochelle Roaden reviewed several complaints made against the By-Pass Bar & Grill, noting that complaints increased on the occasions of their outdoor concerts. Rochelle Roaden and Deputy Broyles advised that several attempts to speak with the owner of the establishment resulted in no change. Deputy Broyles pointed out that the Sheriff's stats show only one DUII related to the By-Pass Bar and Grill in 2020, however he stated that he has case information showing three DUII citations were issued directly related to the By-pass in 2020. Discussion continued.

DARRICK PRICE MOVED TO TAKE NO ACTION ON ALL LIQUOR LICENSE APPLICATIONS WITH THE EXCEPTION OF THE BY-PASS BAR AND GRILL, WHEREIN THE COUNCIL IS REQUESTING A 45 DAY EXTENTION IN ORDER TO CONDUCT AN INVESTIGATION. SECONDED BY COUNCILOR TRINI MARQUEZ. *Motion carried with Frank, Holbrook, Mackin, Marquez, Price and Wytoski. Sandoval-Perez absent.*

APPEARANCE OF INTERESTED CITIZENS. After several attempts to connect to Eve Silverman by phone, Mayor Wytoski called Ms. Silverman and she spoke to the Council via speaker.

Ms. Silverman of the Yamhill County Cultural Coalition, Cultural Award Committee presented their Arts Humanities Heritage Award program.

2. Approval of City Council Strategic Goals for 2021/2022

Rochelle Roaden reviewed the changes that were made to the Council Strategic Goals from the January 19, 2021 Council Meeting. The Emergency Operations Response Team partnership with the Dayton School District was added to Goal E. The Dayton Village RFP was discussed in length with the Council in agreement that the RFP be completed, with the project to be revisited at the June Council meeting.

DANIEL HOLBROOK MOVED TO APPROVE THE CITY COUNCIL STRATEGIC PLAN GOALS FOR FISCAL YEAR 2021/2022 AS AMENDED. SECONDED BY KITTY MACKIN. *Motion carried with Frank, Holbrook, Mackin, Marquez, Price, and Wytoski voting aye. Sandoval-Perez absent.*

3. Approval of Resolution 20/21-09 City Council Rules Amendment #7

Rochelle Roaden reviewed the Council rules from the last meeting. Mayor Wytoski asked that the language in section 3.6 Telephonic/Electronic Meeting, be changed to say "except during a declared emergency" instead of during a health emergency. Council was in agreement.

DANIEL HOLBROOK MOVED TO APPROVE RESOLUTION 20/21-09 A RESOLUTION ADOPTING AMENDMENT #7 TO RESOLUTION 04/05-31, A RESOLUTION ADOPTING CITY COUNCIL RULES AS AMENDED. SECONDED BY TRINI MARQUEZ. *Motion carried with Frank, Holbrook, Mackin, Marquez, Price and Wytoski voting aye. Sandoval-Perez absent.*

4. Approval of Resolution 20/21-10 Equipment Surplus

Rochelle Roaden reviewed the proposed surplus list, stating that IT equipment disposal will be handled by Alexonet.

KITTY MACKIN MOVED TO APPROVE RESOLUTION 20/21-10 A RESOLUTION DECLARING CERTAIN PROPERTY AS SURPLUS AND AUTHORIZING ITS TRANSFER, SALE OR OTHER DISPOSITION. SECONDED BY TRINI MARQUEZ.
Motion carried with Frank, Holbrook, Mackin, Marquez, Price and Wytoski voting aye. Sandoval-Perez absent.

F. CITY COUNCIL COMMENTS AND CONCERNS

Daniel Holbrook, thanked staff for the removal of the moss on City Hall, Annex and Community Center buildings.

G. INFORMATION REPORTS

1. City Manager’s Report

Steve Sagmiller, Public Works Director advised that the Joint well field is producing at a higher rate and Lafayette has been using their intertie more. There were some issues with the ice storm and the temporary closure of McDougall wells. January well field usage was down from last year.

Safe Routes to School - 9th to Flower Project, proposals to perform the right-of-way work have been mailed out. In order to complete the project, there are five properties along the Ferry Street that will require easements.

RFP for engineering services for the utility bridge mid-span replacement project have been posted and are due back by March 12th.

Rochelle Roaden, updated the Council on the completed single audit for the main pump station, the progress of the City’s updated website, the Recology voucher program and the continued closure of City Hall and Library due to the COVID-19 pandemic.

The quarterly budget vs actual budget report was reviewed with the Council.

H. ADJOURN

Issue: City Newsletter
Date: March 15, 2021

History/Background

Currently, Goal F (Enhance communications to actively engage the community) of the Council's Strategic Goals includes "Develop a community newsletter". Attached to your packet is a printed prototype of the **Ferry Street News** – City of Dayton, Oregon, Newsletter.

Staff has put together a 16-page quarterly newsletter for the Council to review and provide input. The text within each section is just filler to show how it would look. The actual articles will be developed and submitted by contributors for the first edition – June 2021. I propose that the newsletter is distributed in June, September, December and March. This will allow city event information to go out before the summer, before the fall, before Christmas and before spring.

The following sections are included:

- Town Talk with the Mayor
- Dayton Community Development Association Update
- Historical Highlight
- Dayton Fire – Chief Putman Update
- City Manager Update
- Dayton School Superintendent Update
- Public Works Update
- A Word from our Library Director
- Columna de noticias en espanol
- Birthdays, Milestones & What Nots
- Yamhill County Sheriff's Office
- Two pages for other topics that Council would like
- Recipe Roundup
- Event Information

All the contributors which are not staff have been contacted and are on board with providing information for our upcoming printings.

We discovered that the largest cost for a newsletter is the color printing. So, our prototype shows the first two pages and the last two pages in color and the remaining pages in black and white. This cuts down our costs by over \$1000 per edition. We are figuring each edition will cost approx. \$1000 for printing and distribution. I spoke with Aumsville and instead of paying postage (which would run over \$1000 each time) they hire a local young adult with a driver's license to assemble the newsletters in plastic bags and deliver for a fixed cost which is much more economical.

Issue: Pedestrian System Improvements for Funding Eligibility
Date: March 15, 2021

History/Background

Strategic Goal A includes the following: *Adopt a prioritized list of pedestrian system improvements for funding eligibility.*

Included in your packet is a map showing all the current sidewalks in Dayton. Sidewalks are designated by the thick black line.

It is important to note that prior to the city adopting Public Works Design Standards, sidewalks were not required when new homes were developed as it is now. This explains why there may be partial sidewalk on a street in front of only one lot.

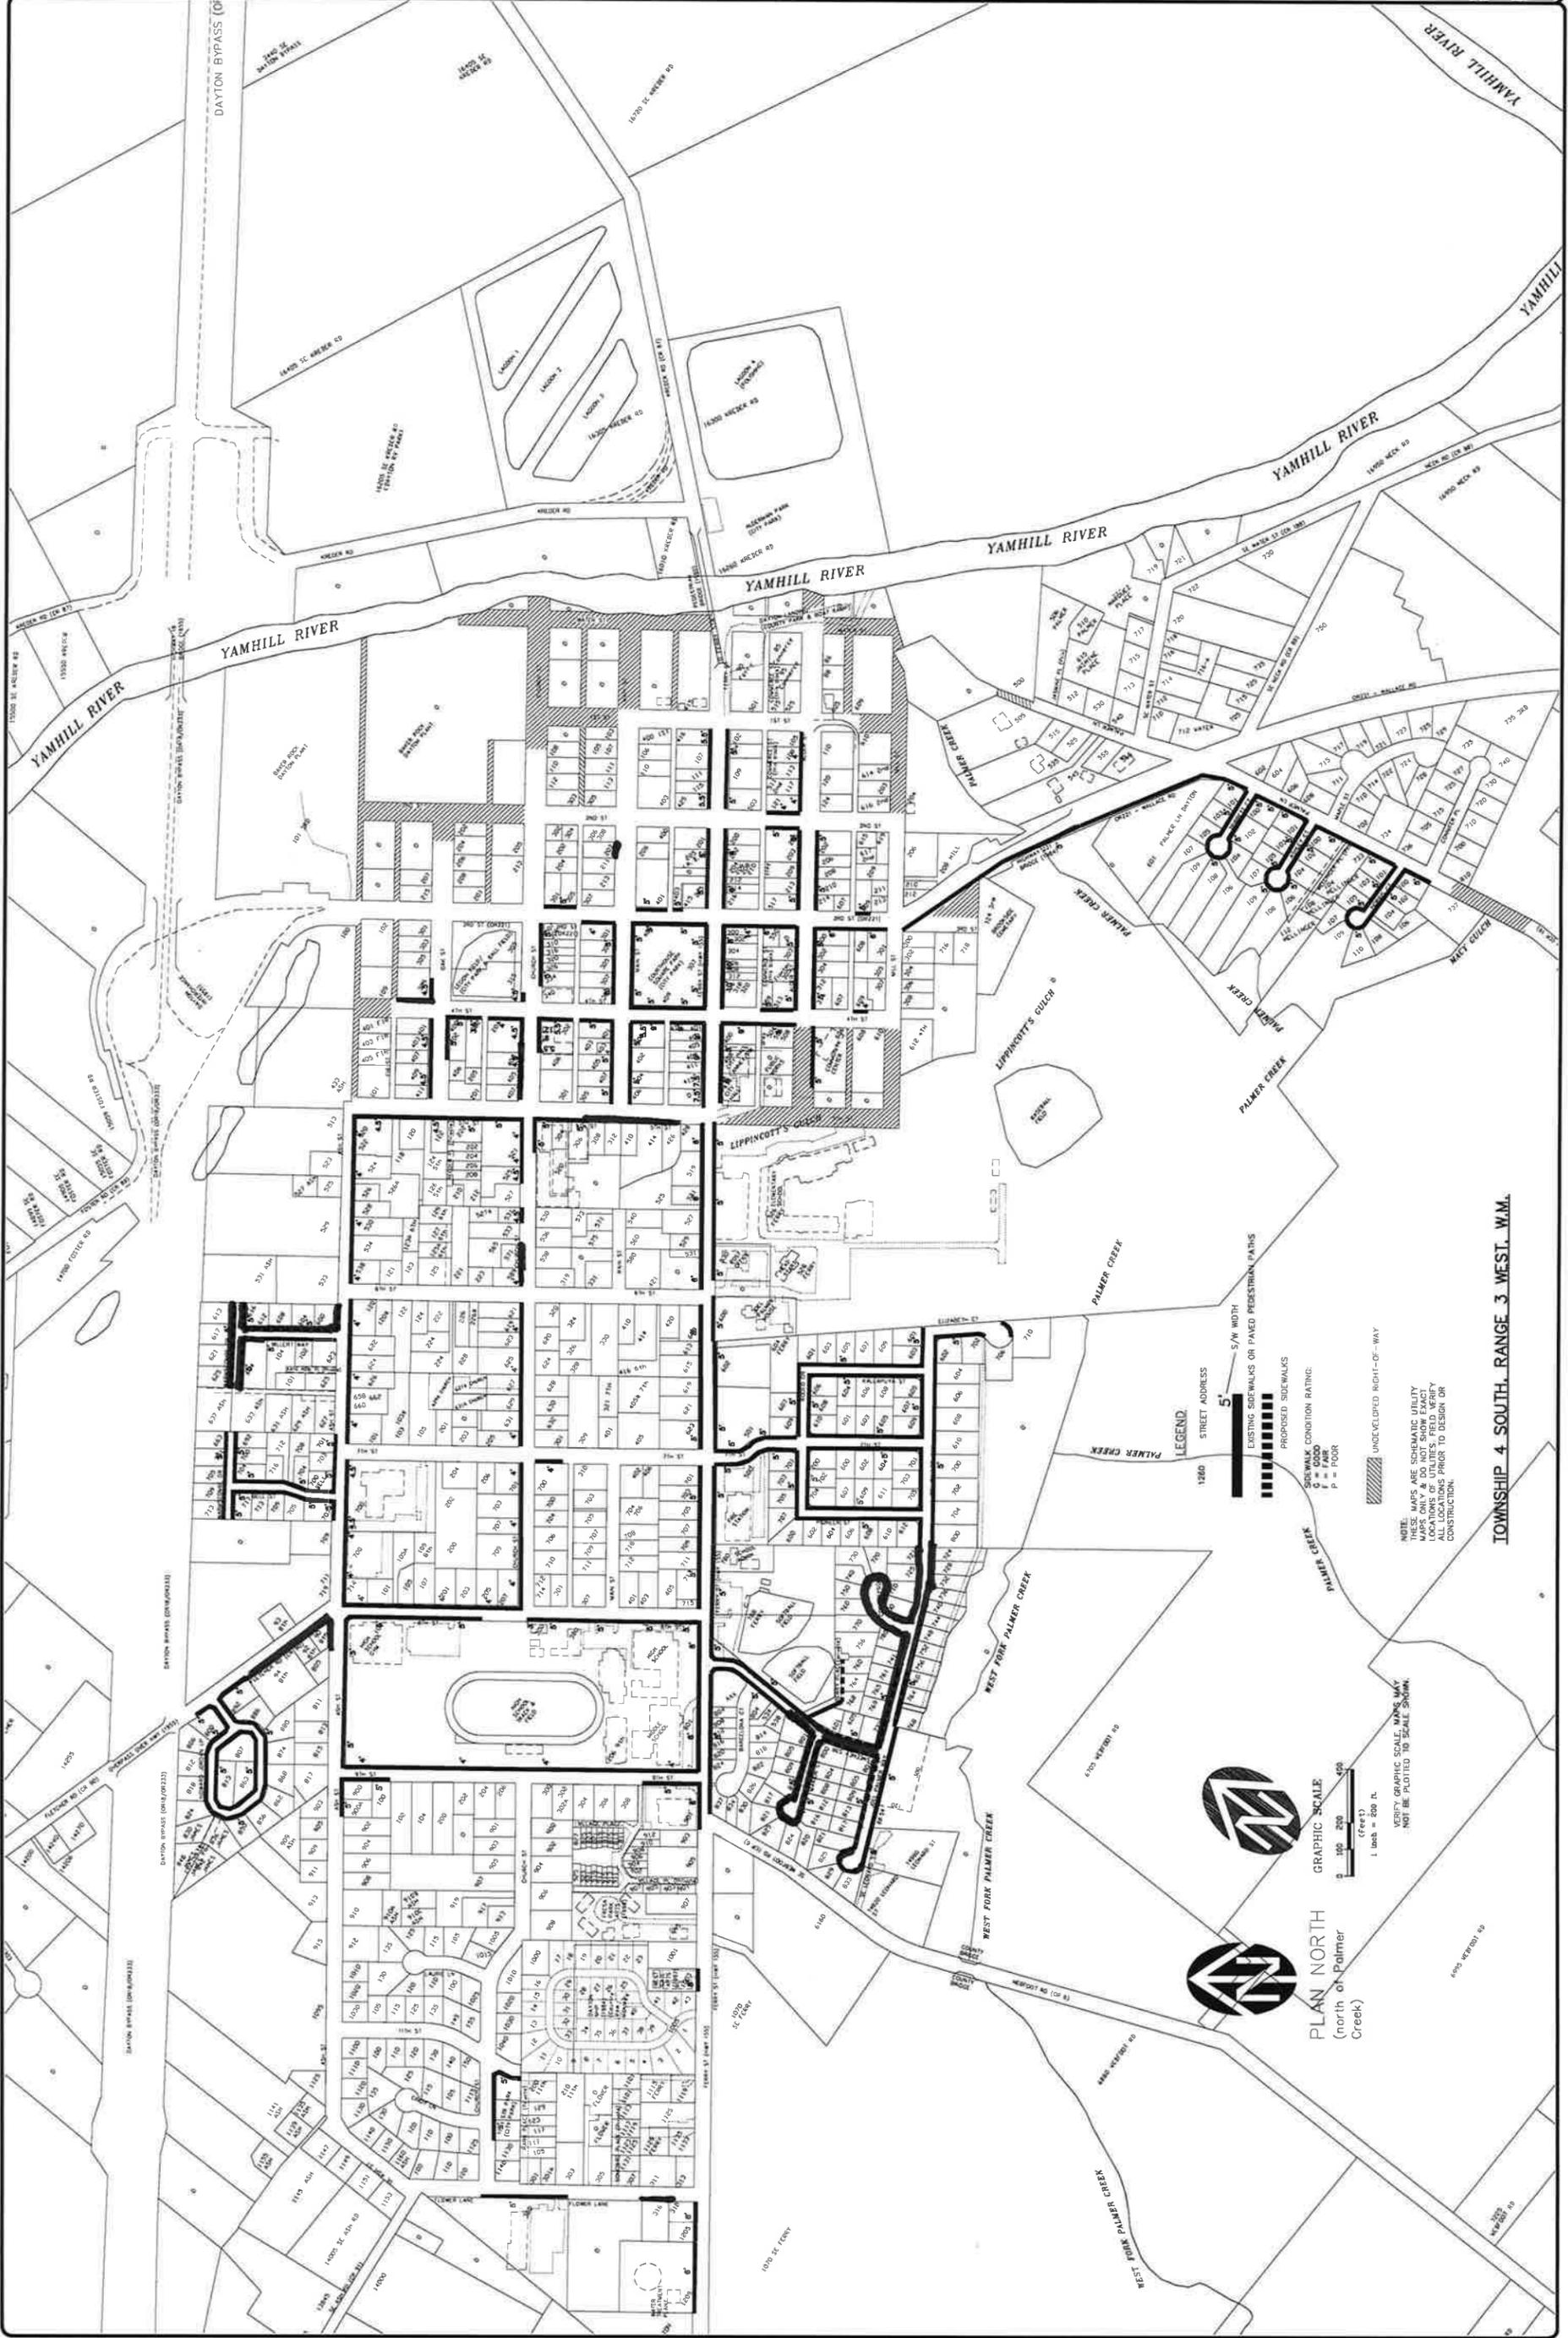

To accommodate Dayton students walking to and from school, staff proposes the following prioritization if funding becomes available:

- 1) 5th Street from Ferry to Church to Ash
- 2) Church Street from 5th to 6th
- 3) 6th Street from Ferry to Church to Ash
- 4) 7th Street from Ferry to Church to Ash
- 5) Church Street from 6th to 7th
- 6) 8th Street from Ferry to Ash
- 7) Church Street from 7th to 8th
- 8) 9th Street from Ferry to Church to Ash
- 9) Church Street from 9th to Flower
- 10) Flower Street from Ferry to Church (with the 9th to Flower sidewalk being completed in the summer of 2021, Council may want to move this up in priority.)

This will come back to Council at the April regular session for adoption. And, when grants or funding is made available, the City will then be able to apply for these projects.

Issue: Renew/Replace Three Year Public Safety Levy Discussion
Date: March 15, 2021

History/Background

Strategic Goal E includes the following: *Evaluate options for renewing or replacing existing three-year public safety levy.*

Currently the City funds our public safety services through a local option tax which assesses \$1.85 per \$1,000 on all real property in Dayton. (A home valued at \$200,000 pays \$370 annually.) The services include a contract for one Yamhill County Sheriff's Office Deputy, their vehicle, training and certification and equipment, .50 FTE code enforcement staff, .29 FTE Court Services/Admin, and 911 dispatch operations administered by Yamhill County. Our current levy expires on June 30, 2022.

The current levy has been approved by Dayton voters in 2007, 2010, 2012, 2015 and 2018. The tax levy amount has not changed since 2007. In 2015, the Council discussed increasing the levy by .15 - .25 per \$1,000 but chose not to increase it at that time.

It should also be noted that the levy has been voted down in the past. Dayton has contracted with Yamhill County Sheriff's Office as early as 1987. In 2001, the levy did not pass which resulted in no police services in Dayton for the fiscal year 2001-2002. (For your reference, I have attached the letter that was sent out to Dayton residents in 2002 when the levy was then reinstated.)

Discussion

Council will need to pass a resolution prior to initiating a new tax levy to the Dayton voters. Upcoming special elections will be held in September, November of 2021 and May of 2022. It is important to note that in the September special election this levy may be the only item on the ballot and would require 50% of the electorate to vote and approve the levy. Compared to the November and May elections which would not require the 50% rule. (If we have 1000 registered voters, the levy would need at least 500 votes to pass. If only 600 vote, 400 in favor and 200 against, the levy would not pass.) Additionally, the city would have to fund the cost of the election on its own in September unless another jurisdiction in Yamhill County were also going out. Then the costs would be shared. More jurisdictions usually participate in the November and May elections.

Options to consider:

- 1) Renew the current levy at the same rate funding our current services for a 3-year period or 5-year period.
- 2) Replace the current levy at a higher rate for a 3-year or 5-year period to bring revenue and expenditures more in line with current actuals.
- 3) Replace the levy at an increased rate to fund current services plus an additional deputy for a 3-year period or for a 5-year period.

While Dayton contracts for one Deputy, Lafayette, Amity and Willamina all currently contract for 2 deputies. Amity (pop. 1,705) funds its contract through a public safety fee of \$10/mth which is assessed via their utility bills. Willamina (pop. 2,270) funds 55% of their contract with an incremental public safety fee. I have not heard back from Lafayette (pop 4,155) but hopefully I will have their revenue source information for our meeting on Monday.

Here is the schedule and coverage associated with two deputies.

Financial Analysis:

Included in your packet are two financial reports. The first is a report showing revenue and expenditures for the Local Option Tax Fund for the prior two years and the current year. As you can see, for the current year, we are running at a loss as we did in 2018-2019. Legal Fees for code enforcement issues were much higher than usual for the last two years. In 19-20, we transferred \$50k from the General Fund to offset some of the legal fees. In years where we have higher expenses than revenue, the difference has been made up with the beginning fund balance (BFB). But, this depletes the balance in the fund and eventually this reserve will run out.

The second report title "Scenarios" provides scenarios based on our estimated Taxable Property Value for 2020-2021 which the county has set at \$140,075,192. It starts with our current rate of \$1.85/\$1000 and goes up to \$3.60/\$1000 which is what would be needed to fund 2 full deputies. I wanted to provide several options and so I also talked with Steve Sugg, Superintendent for the Dayton School District to see if they might have a need/interest in bringing back a Student Resource Officer (SRO) which would mean the School District could fund some of the second deputy's expense. Steve brought it up at their School Board meeting this week and some interest was expressed. He is having another meeting this week with his administrative staff to discuss. So, this option is a hypothetical at this point. Steve said they might be interested in .25 or .50 FTE so I have added those expenses on the Scenarios report.

With the next year's contract going up to \$181,000 for one deputy and the additional expenses in this fund totaling \$337,031, the current \$1.85/\$1000 will result in a shortfall of \$63k. So, in order to completely fund next year, the tax levy would need to be raised at least .45 if not .50.

Not increasing the rate for the last 14 years has put us behind the ball a bit. Our fund balance most likely could only support another 2-3 years at the current rate of \$1.85.

Striking a balance between tax percentage, coverage, and length of levy (3 or 5 years) is going to be the key.

**RESOLUTION NO. 18/19-1
CITY OF DAYTON, OREGON**

Title: A Resolution of the Dayton City Council Submitting to the Registered Voters of the City for Their Approval A Local Option Tax at a Rate of \$1.85 Per \$1,000 of Assessed Value Annually for 3 Years Beginning in Fiscal Year 2019-2020 to Provide Police Services.

WHEREAS, policing is a basic and vital city service; and

WHEREAS, the City of Dayton previously placed a three-year operating levy on the ballot for public safety that approved by the voters in 2007, 2010, 2012 and 2015; and

WHEREAS, the City of Dayton's local option levy for funding law enforcement and public safety services expires on June 30, 2019; and

WHEREAS, the City Council desires to send a local option tax to the voters for the November 6, 2018 General Election; and

WHEREAS, this proposed tax measure is outside the limitation imposed by Section 11, Article XI of the Oregon Constitution and must be submitted to the voters of the City for their approval.

The City of Dayton resolves as follows:

Section 1: An election is hereby called in and for the City of Dayton, Yamhill County, Oregon for the purpose of submitting to the legal voters of said city the following:

QUESTION: Shall Dayton levy \$1.85 per \$1,000 assessed property value each year for 3 years for police services beginning 2019-2020? This measure renews current local option taxes.

Section 2: Tuesday, November 6, 2018 is hereby designated the date for holding the election for the purpose of voting on the measure as stated in Section 1 of this resolution.

Section 3: The election will be held by mail-in ballot in the City of Dayton, Yamhill County, Oregon.

Section 4: The precincts for said election shall be and constitute all of the territory included within the corporate limits of the City of Dayton.

Section 5: The ballot title to appear on the ballots shall be:

CAPTION: 3 YEAR LOCAL OPTION TAX FOR POLICE SERVICES

QUESTION: Shall Dayton levy \$1.85 per \$1,000 assessed property value each year for 3 years for police services beginning 2019-2020? This measure renews current local option taxes.

SUMMARY: The proposed levy would fund the current Yamhill County deputy sheriff to provide police service exclusively in the City and could include the

following services: Municipal Court, Court/Records Clerk, Code Enforcement Officer, 9-1-1 services and support services.

The City contracts these services out through an intergovernmental agreement with Yamhill County and receives numerous public safety benefits for the cost of service.

The City's current law enforcement local option tax will expire June 30, 2019. The current tax funds one full-time sheriff deputy and one half-time code enforcement officer. It also funds Municipal Court, 9-1-1 services and support services.

The estimated total amount of the levy is \$228,816.90 per year for 3 years. A home assessed at \$100,000.00 would pay \$185 annually.

The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessor at the time of estimate.

Section 6: In compliance with ORS 251.345, the City Recorder is hereby authorized to submit an impartial explanatory statement for the Yamhill County Voters' Pamphlet on behalf of the City.

Section 7: A copy of the ballot title shall be published in the next available edition of a newspaper of general distribution in the City as well as notice of the seven day ballot challenge period as required in ORS 250.296.

Section 8: This resolution is effective on July 2, 2018.

"PROTECT OUR KIDS" – HELP KEEP POLICE IN DAYTON

6-20-01

Dear Dayton Community Members:

PURPOSE OF THIS LETTER-PLEASE TAKE A FEW MINUTES AND READ THE ENTIRE LETTER

We have prepared this letter to emphasize the importance of public safety, specifically, police service in the Dayton Community. Each of us wants to stress that we absolutely need your help and your support to make Dayton safe for ourselves, our children and our property. Please take a moment and browse the names signed below as it is a group that represents nearly all the diverse perspectives in our community. We are at a very serious crossroads. We have a safe community and a healthy community due to some very sound decision making over the last twenty years but we need your help.

BACKGROUND

The City of Dayton has recently attempted to pass two police levies, the first of which would have improved police protection and the second of which would have maintained the present level of police protection. Based on prior feedback from the community, City representatives believed that each time it was what the community desired. The failure of both of those police levies has sent mixed messages as to what the voter meant when voting "no" on the police levies. Unsure exactly what the message was and after having significant feedback from the community since that time, many of us believe that a number of factors added up to a "no" vote by a small majority of voters on both levies.

Most of us don't believe that a "no" vote meant that you feel safer with no police protection. To make that correlation, you would have to be very naive or very cynical. As everyone knows, once the criminally inclined recognize that there is no police protection, it will be open season for crime. The safety of our families will be at risk with no police close enough to respond to personal disputes like fights, break ins and enforcing code requirements for noise, garbage, animals, etc. Our personal property is also at risk with theft from houses, cars, increased vandalism, etc.

MANY FACTORS COMBINED TO CREATE A NEGATIVE CLIMATE AND A "NO VOTE"

Based on your input, many of us believe that the following factors happening in a short period of time all contributed to the failure of both levies (even those of us who voted "no" had a guilty feeling that we may have let ourselves and our community down but still could not bring ourselves to vote for the levy with the incredibly negative financial impact of these factors on each of our households when taken as a group):

- The reported fact that the assessor was going to raise property taxes increasing taxes regardless of how we voted on any issue.
- The negative financial impact of the School District Bond Levy.
- The impending increase in water service rates.
- The nine State measures on the Ballot that could have significantly increased our tax bills.
- The impending increase in sewer service rates.
- The Yamhill County Tax measures such as the 911 levy.
- The misunderstanding by many voters who thought the police levy was being raised \$3/\$1,000 when we were really requesting to keep the same \$3/\$1,000 level that we had been paying. This was compounded by the fact that the actual wording on the ballot did not say we were just continuing the present levy but gave the impression that it was going up another \$3 per thousand when the fact was that as of July 1st it is dropping to zero and the new levy adds \$3 to zero for a total of \$3 per thousand which is about what we were already paying.
- The confusion between the first failed police levy and the second failed one. The first one gave us far better protection than the second one for about .31 cents less than the second levy. That made no sense to anyone not given all the details about it - the reality was that at the time the first failed levy was offered the bonds were much cheaper to purchase and by the time the second failed levy could be offered the cost of the bonds had increased significantly.
- Some people still believe that police protection should be included in the general fund. The reality is that the cost of providing our own police department could break our city budget due to astronomical costs to operate a police department including liability insurance. The estimated cost to use the Yamhill County Sheriffs to protect us for the same level of service is approximately 67% of what it would cost us to do it ourselves at any reasonable level of protection.
- Some people believe that the money we pay Yamhill County for police taxes should cover the safety of our town. The truth is that at the peak times that crime is committed there are usually only two officers on duty to cover 775 miles of Yamhill County meaning that if those two officers are at the opposite ends of the county we are vulnerable. Anyone with a scanner can figure out where the police are at any time.

We hope that you can see by the group of items just listed that they could create a "no new taxes" mindset and even a "let's drop some taxes" mindset in our small community.

BUILDING CONSENSUS FOR THE "RIGHT AMOUNT" OF POLICE PROTECTION

Most of us believe that we all want the "right amount" of police protection for our community. Getting to a compromise on what defines the "right amount" is a little more difficult. Trying to reach a "good feeling" in the community about what the "right amount" is starts with most of us (and we hope you too) agreeing that zero is not the right amount and could create a very negative environment in our community and a very lucrative climate for the criminally inclined. Many of us would offer that with our small community during normal hours with a history of low crime we need less than 2 officers ready to respond to an incident and being visible so as to deter potential crime. Most of us feel that during higher crime times of the night and weekends that we need at least one on duty officer and the possibility of the support of an additional officer either paid by us or a county officer stationed closer to Dayton. This level of service is a middle ground that gives a "good feeling" to nearly all sides of the police protection debate. The cost of this level of service is approximately \$225,000 if provided by a City of Dayton Police Department and approximately \$168,000 per year if provided by the Yamhill County Sheriffs Department.

THE PRUDENT & RESPONSIBLE 2 STEP PATH WE HAVE CHOSEN FOR OUR FUTURE

COUNCIL TAKES DRASTIC ACTION TO REALLOCATE FUNDS FOR A PORTION OF POLICE BUDGET

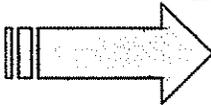

On July 1st, 2001, police service in Dayton is scheduled to cease as the present police levy ends on that day. In an emergency measure and very extreme measure, the Dayton mayor and City Council have worked very hard to trim the budget and reallocate \$84,000 of general fund money that could have been used for other departments to continue police services from July 1st, 2001 through the approval of the new September Police Levy.

Deeply concerned about the issue of community safety, the Mayor and City Council are very interested in providing a solution that is representative of the community's desires. They understand that many factors added up to cause the failure of the two previous police levies, i.e., the potential new taxes that could have been imposed by many State and Local measures, the misunderstanding by voters that the most recent levy was not actually going to significantly increase their taxes but truly was only a vote to continue present services at the same level with no significant tax increase, the recent school bond measure levy hitting their pocket books, the increase in water bills that was about to take place at the time as well as several other factors listed above that all added up to a "bad feeling" about approving anything at the time that the voter did not fully understand or could not come to grips with for their own personal reasons.

CITY COUNCIL CUTS POLICE LEVY IN HALF IN EFFORT TO HELP RELIEVE TAXPAYERS BURDEN

As of July 1st, 2001 your taxes that go to local policing will drop to zero. Your old rate was \$3 per \$1,000 of your property value. The new proposed rate in September will cut that in HALF. The new police levy will be only \$1.50 per \$1,000 of assessed value. With your help, we will pass the "Protect our Kids" September Police Levy and provide the "right amount" of police protection that our community deserves. Once achieved, City Council will continue funding a portion of the Public Safety Budget with general fund money and the other portion with the Police Levy. Join us in sending a "CLEAR" message to City Council that the community agrees they are on the right track with this solution by voting "Yes" in September.

TAKE FOUR EASY STEPS TO HELP "PROTECT OUR KIDS"

We are asking for 4 simple things from each of you, 1) To review this letter and make the decision to support the September Police Levy verbally to anyone you come in contact with about the issue, 2) volunteer to be part of the "Protect our Kids" Police Levy Campaign Team, 3) turning out to vote in September for the measure and reminding your friends and family members to do the same, 4) Call us and tell us if you are voting for the measure at 503-864-BALL extension 315 after 7 pm at night and leave us your name and number so that we can get a feel for where the community stands on this issue. This will allow us to concentrate our educational efforts on people we have not heard from and who may not have received this letter.

DOUBLE MAJORITY VOTE IN SEPTEMBER. REMEMBER NOT VOTING MEANS A NO VOTE

As you know by Oregon law, a September Police levy requires double majority decisions, that is, a 50% turnout by all registered voters, and having one more yes vote than no votes total. This means it is vital that once you decide to support this issue that you actually remember to go and vote or else your non-vote will count against us if we don't have a 50% registered voter turnout.

STANDING AT THE CROSSROADS, LET'S MOVE FORWARD IN THE RIGHT DIRECTION

Finally, we are at the crossroads and the people listed below believe, as we hope you do as well, that the path chosen is the best option to take to maintain a proper level of balance in our community recognizing that a healthy City can only stay healthy when each person steps forward to make a difference for the good of us all. This is a very serious issue that each person listed below has researched and determined independently that the combination of: 1) sacrificing some city services to provide a portion of the Public Safety Budget combined with 2) requesting each voter to assist in providing the other portion needed to keep our community safe by approving a significantly lower cost than in the past. Once again, please scan the list of names that helped to write this letter and know that they care about the community and care about you, your property and your kids.

A Personal Letter to the Dayton Community:

We have prepared this letter to emphasize the importance of police service to the Dayton community. We want to stress that we absolutely need your help and your support to make Dayton safe for each of us, our children, and our property. Please take a moment and browse the names signed below, as it is a very honest and credible group that represents many of the diverse perspectives in our community. We are at a very serious crossroad. We have a safe community and a healthy community but we need your help or we may be putting our safety at risk.

BACKGROUND

The City of Dayton has recently attempted to pass two police levies. The failure of these levies has sent mixed messages as to what voters meant when voting "no." Few of us believe a "no" vote meant you feel safer without police protection. Dayton's police service is scheduled to cease on July 1, 2001, when the present police levy ends.

They understand that many factors added up to cause the failure of the two previous levies. With your help, we will pass the "Protect our Kids" September Police Levy and provide the "right amount" of police protection that our community deserves. Once achieved, the City Council will continue to fund the public safety budget with a fair mix of general fund money and the police levy. Send a CLEAR message that the community agrees the City Council is on the right track by voting "Yes" in September.

TAKE FOUR EASY STEPS TO HELP "PROTECT OUR KIDS"

We are asking for four simple things from each of you: 1. Promote the September police levy to anyone you come in contact with about the issue; 2. Volunteer to be part of the "Protect our Kids" Police Levy Campaign Team; 3. Turn out to vote in September for the measure and remind your friends and family members to do the same; 4. DOUBLE MAJORITY VOTE IN SEPTEMBER – REMEMBER NOT VOTING MEANS A NO VOTE

As you know by Oregon law, a non-election levy requires double majority decisions – that is, a majority of voters must vote "yes" and a majority of registered voters must vote. This means it is vital that once you decide to support this issue that you actually remember to go and vote – or else your non-vote will count against the effort.

"PROTECT OUR KIDS" CAMPAIGN P.O. BOX 566 DAYTON, OREGON 97114 503-864-2255 ext 315

To the Dayton Community:

We have prepared this letter to emphasize the importance of the issue of police service to the Dayton community. Each of us wants to stress that we absolutely need your help and your support to make Dayton safe for each of us, our children, and our property. Please take a moment and browse the names signed below, as it is a very honest and credible group that represents many of the diverse perspectives in our community. We are at a very serious crossroad. We have a safe community and a healthy community due to some very sound decision making over the last twenty years, but we need your help.

BACKGROUND

The City of Dayton has recently attempted to pass two police levies, the first which would have improved police protection and the second which would have maintained the present level of service. Based on feedback from the community, city representatives believed each time that the levy reflected the community's desires. The failure of these levies has sent mixed messages as to what voters meant when voting "no."

Few of us believe a "no" vote meant you feel safer without police protection. As everyone knows, once the criminally inclined recognize that there is no police protection, it becomes open season for crime, putting our personal safety at risk. For example, without police services, there will be no police close enough to respond in a timely manner to break-ins or personal disputes, and there will be little enforcement of noise, garbage, and animal code violations.

COUNCIL TAKES DRASTIC ACTION TO REALLOCATE FUNDS FOR A PORTION OF POLICE BUDGET

Police service in Dayton is scheduled to cease on July 1, 2001, as the present police levy extends only through June.
